## SUNY Empire State College Mandatory Professional Licensure Disclosure:

### Applied Behavior Analysis Program

New York State takes pride in the high quality of its licensed and certified professionals. For the protection of its citizens, each license and certificate has requirements that individuals must meet in order to be licensed or certified in New York State. SUNY's academic programs leading to licensure or certification are carefully designed to meet and exceed these State requirements. This is a role SUNY plays in protecting the public. Other states frequently have their own requirements, so if your goal is to practice in another state, this disclosure will help you check to see what that state requires.

Per U.S. Federal Regulations, §668.43 (2019 Rule), and in compliance with the State Authorization Reciprocity Agreements (SARA) Manual version 19.2, SUNY Empire State College provides the following disclosure related to the educational requirements for professional licensure and certification.

\*\*\*\*\*

### School for Graduate Studies Education Division Applied Behavior Analysis

SUNY Empire State College is committed to providing clear, accurate information to current and prospective students to inform career and coursework planning.

**New York State:** The Masters of Science Applied Behavior Analysis program at SUNY Empire State College is aligned with New York State requirements towards a license in behavior analysis. If successfully completed, and if required supervised fieldwork is obtained appropriately and as designated by New York State regulations, it is sufficient to meet licensure requirements in New York State.

**Association for Behavior Analysis International (ABAI)® Verified Course Sequence®:** The Association for Behavior Analysis International (ABAI)® has designated SUNY Empire State College's Applied Behavior Analysis program as a Verified Course Sequence® under the Fifth Edition Task List, which meets coursework requirements for eligibility to take the Board Certified Behavior Analyst® certification exam. Additional requirements, such as supervision experience, are needed to qualify.

We highly recommend students interested in the Board Certified Behavior Analyst® certification keep abreast of eligibility requirements.

Behavior Analyst Certification Board](#)

**Disclosure for students practice outside New York State:** After making all reasonable efforts, SUNY Empire State College, cannot determine whether its educational program curriculum for a Master of Science in Applied Behavior Analysis, if successfully completed, meets certification and licensure requirements in any of the other 49 states, the District of Columbia, or in U.S. territories.

SUNY Empire State College recommends that students living and/or practice outside New York investigate whether the New York State license in behavior analysis is applicable and/or recognized in the state in which they wish to practice. Please see below for helpful links and information by state and territory.
